1. It has been determined that military detailees to KUBARK are eligible for life insurance under some of the plans of the agency. This question was raised by [REDACTED] among others. We have requested the necessary application forms and instructions from the Insurance Office and these will be forwarded immediately upon receipt.

25X1

2. There will be no notary public with the processing team; therefore, individuals who desire to leave a power of attorney will have to arrange for the notarization of these documents through notary facilities at [REDACTED] or in the [REDACTED] area.

25X1

3. No master check-out form for predeployment processing exists. Three items which are not on the form prepared by [REDACTED] and which may be given some attention are:

25X1

(1) Each individual should have in his possession 12 to 15 extra passport-size photographs. If these must be obtained through commercial facilities, the cost to the individual is reimbursable.

(2) Those individuals who are under 26 years of age should request permission from their draft boards to leave the country. For security reasons, in past instances, the reason given the draft boards for departure from this country has been "to travel." If there is doubt as to format or content of such letters, this may be postponed until the processing team,
